The HTB Board of Trustees is looking closely at the feedback provided in this year's player experience survey to identify ways to improve our program. Based on the feedback, one of our first goals was to articulate and share the program's mission statement that informs and guides the board on all major decisions. We are proud to share the following:

The mission of the Highlands Travel Baseball is to provide a competitive youth baseball program built on age-appropriate guidelines that develops baseball ability, fosters good sportsmanship, and builds character and camaraderie - all in pursuit of team excellence and a stronger Highlands baseball community.

Highlands Travel Baseball is a town travel program that encompasses Allendale, HoHoKus, Saddle River, and Upper Saddle River with a vision of developing participants with the ultimate goal of playing baseball for Northern Highlands Regional High School.

More information coming soon on plans for 2022 and registration details.
